

FOR IMMEDIATE RELEASE

Master Chemical Hires New Chief Financial Officer

Perrysburg, OH – March 2009 We are pleased to announce the completion of the Chief Financial Officer search for Master Chemical, a company that has consistently been a world leader in the scientific research and development of metalworking fluids.

Master Chemical contacted us to find a leader who would continue their momentum of success with the ability to manage their Financial Departments both here and overseas. With our knowledge and past relationship with Master Chemical, we were able to find the ideal candidate to fit their vision and culture.

Cary Glay will report directly to the Chief Executive Officer and work closely with the Executive Staff and Board of Directors. The CFO has global financial responsibility for the corporation to direct and oversee all financial and information systems functions to assure compliance and continuous improvement. This position also oversees all IT functions including assessment and fulfillment of corporate data, information management, reporting and all hardware/software requirements.

Glay started his career at Avery Dennison where he quickly rose to become the Director of Finance and Information Systems. Most recently he served as a Controller for Eaton Aerospace. Glay received his Bachelor of Business Administration in Finance from Ohio University and his Masters in Business Administration from Case Western Reserve's Weatherhead School of Management.

About Master Chemical

Headquartered in Perrysburg, Ohio, with offices, laboratories and production facilities internationally in the United Kingdom and Asia, Master Chemical pioneered high quality wetting-agent metalworking fluids and has consistently been a world leader in the scientific research and development of cutting and grinding fluids. Master Chemical covers all aspects of fluids and fluid management from the technical formulation of cutting fluids, cleaners, and rust preventatives to the design and manufacture of recycling systems and fluid filtration equipment.

About ASLON Group

The ASLON Group is a retained executive search firm. Our reputation is built on our ability to see a search through from the initial meeting with our client to the assimilation of the finalist into the position. We operate under very strict standards of ethics and methodologies to identify the right person to fit the culture and vision of our client. Our integrity-based mission is simply knowing and choosing what is right as we search for leaders. This mentality is also reflected in the type of leaders we find for our clients - leaders that are passionate, have a strong value system and a high emotional quotient to accompany their intelligence quotient.
